About this directory

Hello and welcome to the Children, Young People and Families Resource Directory. The directory has been produced by **bbwcvs** on behalf of the Children, Young People and Families Forum in Basildon District. The directory and forum have both been funded by The Children's Fund.

This directory lists those services and activities that are available locally for children, young people and families. As many services and activities as possible have been included. The groups themselves have provided the details listed, and inclusion in the directory should therefore not be taken as an endorsement by **bbwcvs**.

Entries in the directory are listed alphabetically. A thematic list is provided at the back of the directory. All the groups are based or work in Basildon District (Basildon, Billericay and Wickford).

We have made every effort to ensure that the information provided is accurate. However, details change all the time and there may be some inaccuracies, for which we apologise.

About the forum

The Children, Young People and Families Forum brings together personnel from voluntary and community groups across the district to share skills, information, experiences, good practice and resources. It works collectively on local issues that affect children, young people and families.

The forum's objectives are to: -

- Increase the capacity and effectiveness of service providers to meet the needs of children, young people and families
- Provide opportunities for service providers and the children, young people and families they represent to discuss and input into policy and strategic planning processes
- Develop a coordinated and sustainable partnership approach to service delivery

If you would like more information about the forum then contact Rob Walker at **bbwcvcs** on 01268 288870 or email rob@bbwcvcs.org.uk

children's fund

Would you know where to find a voluntary and community group, which:

- works with young volunteers?
- provides after-school clubs?
- supports families?
- promotes child and parent welfare?
- works with disabled children/young people?

This directory will help. It contains details of over 90 groups based or working in Basildon District. All the groups can be contacted directly and they will all offer advice, information and support.
