Ethnic Network**

Black History Month programme

October 2020

Essex County Council

Introduction

October marks Black History Month; first launched in the UK in 1987, Black History Month is the annual celebration of the history, achievements and contributions of black people in the UK.

Now more than ever before, marking Black History Month is important, especially given the recent events: the death of George Floyd in America in May 2020, the disproportionate impact of COVID-19 by ethnic minority people and the subsequent Black Lives Matter protests that have taken place around the world.

As an organisation, we recognise that achieving change will take time. We are committed to creating an environment where we stand up to racism and where we in Essex, create a safer and fairer society for everyone.

We are proud to support the Black, Asian and Minority Ethnic Network (BAMEN) in putting a range of events and activities for all employees to take place and we encourage employees to participate listen, ask questions, share, understand and speak up.

Cllr David Finch, Leader of Essex County Council
Gavin Jones, Chief Executive of Essex County Council

The Black, Asian and Minority Ethnic Network (BAMEN) is pleased to present the Black History Month 2020 programme.

Yvonne Jokogbola

Chair of the Essex County Council's Black, Asian and Minority Ethnic Network (BAMEN)

“Our colleagues, our community, us, it affects us all and we should all care and stand up.”

**Talk: The Black Image over the centuries,
Black History Walks**

Black History Walks is a collective of professionals, teachers, authors and film-makers who collaborate to produce events, courses and resources on Black history in the UK. This talk shows how the image of African people has been deliberately altered by Europeans to show negativity. In the 15th century African people were portrayed in European art as noble, sophisticated and intelligent. With the rise of Empire these images were thrown out and replaced with demeaning stereotypes which still inform public opinion via children's books and Hollywood movies.

Essex Library Services – Reading is a powerful tool

Books can help us understand our history and process the world we find ourselves in. Reading can be a powerful tool to build an understanding of self and empathy.

Essex Library Services has been listening and seeking advice on the best fiction and non-fiction books to buy. We want people see themselves represented in the books in our libraries, celebrate BAME authors and artists and to provide books to help people understand more about race, racism and experiences of racism,

You can borrow from our [booklists](#) from our libraries or go online to take out an e-book or listen to e-audio titles. There's a mix of fiction, non-fiction and titles for all ages including children and young adults. We've got e-comics and DVDs too.

We'll also be sharing short reviews of some of these titles on our [YouTube](#) channel and social media.
