CVS News

One Step Ahead!

What an exciting week!

I began by facilitating our strategy planning day to begin focusing and shaping our future service. Thanks for your suggestions since the last eBulletin they really do help us understand how we can make a difference.

If you still want to have your say it's not too late. We are planning to produce a survey soon so we can continue to recognise how we can support you better. I'm excited and so are the team. Feel free to get involved.

Later in the week I was invited to attend a presentation at Quilters Junior School as £3,750 was raised at last year's Fun Walk. This money will be used to fund 'Sarah's Garden' in remembrance of Sarah Cobb, who was a beloved Quilters Junior School teacher who sadly passed away in 2013. The Head Teacher's passionate speech to his young students was truly inspiring.

Mr Wade spoke about the benefits of helping others and how in return these deeds also make you feel better. The response from the children was amazing and it was clear that his speech made an impression.

This speech made me think about all of the other organisations that benefited from the walk last year. I can only imagine how many hundreds (quite likely thousands) of people who have been supported from this fantastic fundraising event. It seems to be good timing that John Baron has just announced the date of the 2020 Fun Walk as September 13th.

We strongly recommend that all of our members participate – as for each £1 raised through sponsorship on the day it is topped up by contributions from local businesses. A truly unique opportunity for all of the good causes across our borough. If you are interested please visit the Fun Walk Trust website to find out more. (see below).

An opportunity not to be missed!

Fundraising Regulator publishes guidance to help with Charities Act reporting requirements

The Fundraising Regulator has published guidance to help charities comply with the fundraising reporting requirements in the Charities (Protection and Social Investment) Act 2016.

Under the Act, charities are required to provide a statement on fundraising in their annual reports. However, Fundraising Regulator analysis of 106 annual reports filed with the Charity Commission found that only 40% of charities included a fundraising statement that met requirements.

To this end, the Regulator’s Good practice guidance on reporting your fundraising includes information on:

- what the fundraising statement should consist of
- examples of a fully compliant report
- expectations from the Charity Commission
- what charities can expect from auditors and independent examiners

NCVO Finds Room for Improvement in Public Sector Volunteering Programmes vs. Charity & Community Group Volunteering

For this report, NCVO undertook detailed analysis of survey respondents volunteering in the public sector, alongside a range of focus groups with volunteers in public services in areas across England. 94% of those volunteering in the public sector said they were satisfied with their experience. However, only 47% said they were 'very satisfied', compared to 58% among charities and community group volunteers, while only 76% said they would continue volunteering in the future compared to 83% of charity volunteers.

Areas identified for improvement in public sector volunteering programmes, included making roles flexible and minimising bureaucracy. Read the full article here: <https://fundraising.co.uk/2020/01/13/ncvo-finds-room-improvement-public-sector-volunteering-programmes/>

Advertise Jobs and Contracts Through Us!

This service is free to members of the BBWCVS. We can advertise the latest vacancies from our members to a wider audience, using our website, this bulletin and social media.

For non-members we charge £25 for charities, £50 for statutory or private sector employers. The advertisement will stay up until the expiry date and we will also tweet it to our faithful following and include it in our newsletters.
